EMPOWERING WOMEN SINCE 1867

More than 150 years ago, nine women gathered in a basement to begin their college journey at a time when most women were denied an education. Since that day, Cedar Crest has helped thousands of women to become confident, successful leaders in a wide variety of careers. Nurses. Forensic Scientists. Doctors. Lawyers. Biologists. Chemists. Therapists. Dancers. Writers. Artists. Athletes. And so much more. It's time to see what you're capable of.

FINANCIAL AID

Everyone's financial situation is different. That's why we work with you to evaluate the options for your individualized financial aid package. We offer both need-based and merit-based assistance to help you manage and finance your investment in your education.

In addition to leveraging federal, state, and institutionally funded financial aid, the price of college becomes a lot easier to manage when you receive grant and scholarship assistance. Our team of financial aid counselors can connect you with a wide range of non-loan assistance possibilities.
