

WHO WE ARE

Brew Bros was founded all the way back in 1942 by our grandfather and friend. After that in 1973, our father and his buddy took over. Now today, the sons of the great Vinny Negrello have taken over as actual brothers. How great is that? We are Mikey and Gio, and we have been running the game since 2005. Growing up in an Italian family, we must say, coffee is an essential part of our lives and we feel the need to share that with others. We consider coffee a specialty as it is deeply rooted in our tradition. Coming from two guys who drink coffee all day, we thought why not continue the tradition our grandfather started? We are proud to say we have been in business for over 75 years now and we do not plan on stopping. Our menu has grown larger since and we offer a plethora of items. The Brew Bros work together the best they can to satisfy customers and keep them wanting more. We love what we do and we hope each and every person who walks through those doors loves what we do as well. We are grateful to have you so please always stop by and never forget to say “hi!”
